K 41

Automatic wire stripping tool with wire cutter

Characteristics

- Adjustable stop
- Stripping length up to 16 mm

| Item	Part No.	Stripping range mm²	Weight g	Packing unit/pcs
Wire stripper K41, 0.1 - 6 mm²	K41	0.1-6	190	1

K 43/2

Automatic wire stripping tool with wire cutter

Characteristics

- Adjustable stop
- Stripping length up to 17 mm
- Easy change of blade system

Item	Part No.	Stripping range mm²	Weight g	Packing unit/pcs
Wire stripper K 43/2, 0.08 - 10 mm²	K432	0.08-10	140	1

Accessories	Part No.	Page
Interchangeable die set for wire stripper K432	K432E	
Interchangeable die set for wire stripper K432 For PTFE-insulated conductors	K432E2	
Interchangeable die set for wire stripper K432	K432E3	

K 44

Automatic wire stripping tool with adjustable stop

Characteristics

- Stripping length up to 22 mm

Item	Part No.	Stripping range mm²	Weight g	Packing unit/pcs
Automatic wire stripping tool with adjustable stop	K44	1-25	680	1

■ Wire stripper

■ For all standard flexible and solid conductors from 0.2 - 6 mm²

Characteristics

- Adjustable length stop from 5 - 12 mm
- Integrated easy to reach side cutter up to max. 2 mm Ø

Item	Part No.	Dimensions mm	Weight g	Packing unit/pcs
Wire stripper	**KL760180**	180	130	1

■ Wire stripper

■ All standard round and flat cables
■ Fine adjustment (5-way) on various cable types and diameters

Suitable for:

- Flat cable: baring and stripping 2 or 3-core PVC-insulated flat cables from 0.75 - 4 mm²
- Round cable: Baring and stripping flexible cables in the range 0.5 - 16 mm² (20-6 AWG), solid conductors 0.5 - 10 mm² (20-8 AWG)

Characteristics

- Optical length dimension 8-24 mm (5/16 - 1 inch)
- Integrated side cutter to max. 3 mm Ø

Item	Part No.	Dimensions mm	Weight g	Packing unit/pcs
Wire stripper	**KL765FR215**	180	205	1
